Curve APPEAL

WITH ROUNDED SHAPES AND PLUSH FABRICS, CURVILINEAR OCCASIONAL CHAIRS BRING A SOFTER EDGE TO YOUR SITTING ROOM.

WRITTEN AND PRODUCED BY
LINDSAY M. POWELL

ABOVE: Interior designer Laura Gluliani of House of G Designs, based in California, put a spin on this living room design with a textured boucle swivel chair by Lulu and Georgia.

Perhaps present times have left us looking for a world with fewer hard edges, because everywhere we look, curvy chairs are offering a soft spot on which to sit. With undulating lines that create dramatic silhouettes and arms that wrap around and envelop you, curvilinear perches are the moment's statement seating.

Plush and sumptuous fabrics offer a luxe feel, while tufting and folds impart a retro-modern look. The sculptural forms are sure to please any design lover while providing just the kind of curvy comfort we could all use. Here are a few of the striking seats that we have on our wish lists.
